CLAUSES INCORPORATED BY FULL TEXT

VENDORS NOTICE: Reference DFARS 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports. All vendors are required to submit electronic invoices through the Wide Area Workflow - Receiving and Acceptance website. Contact Dennis Hass at (310) 653-6119, 61st CONS/LGC for additional information.

**Wide Area Work Flow Receipt and Acceptance (WAWF-RA) Vendor Instructions
 Installation and Registration Checklist new WAWF users.**

Completion of all instructions contained in this checklist must be accomplished prior to activation of the WAWF contractor and user accounts.

1. Check Central Contractor Registration System (CCR) to see if your company is registered.

- If you are registered in CCR, please go to Step 3 below.
- For help with registration in CCR, contact CCR Helpdesk, 888-227-2423 or 269-961-5757, e-mail CCR@dliis.dla.mil, or see the CCR Handbook at <http://www.ccr.gov/handbook.asp>

2. Register with Central Contractor Registry (CCR).

- All vendors desiring to bid on goods or services in support of Department of Defense (DoD) must be registered in the CCR at <http://www.ccr.gov/>.

- Ensure that all mandatory fields are completed in your new CCR account (i.e., Telephone/FAX number, Data Universal Numbering System (DUNS) and/or Commercial and Government Entity (CAGE) codes, North American Industry Code Systems (NAICS) codes, etc.).
- **Note:** All contractors are required to update their CCR registration annually. Failure to do so will result in suspension of the account, which will prevent or delay awarding DoD contracts and payments to your firm.

3. Establish an Electronic Business Point of Contact (EB POC).

- The next step is to ensure that you have identified an EB POC for your company. You are required to establish both a primary and alternate EB POC for each CAGE/DUNS code assigned to the firm.
- To see if an EB POC is listed for your company, go to <http://www.ccr.gov/> and click on "Search CCR." Where prompted, enter the DUNS or CAGE or Company Name and click "Submit Query." If you are presented with a list of DUNS numbers, you will need to pick the specific location and click on the DUNS.
- Scroll to the bottom of the Inquiry Results page. There you can see if anyone is listed as the EB POC. If no one is listed, your company has not identified an EB POC yet. If you see that there is no one listed as your company's EB POC, you need click on "Update or Renew Registrations Using TPIN" to add it.
- Each vendor organization may establish up to two EB POC's (primary and alternate) for each CAGE/DUNS combination.
- The EB POC will be responsible for authorizing access to employee(s) of the vendor's organization to view and/or modify data submitted on behalf of the vendor.
- Update NAICS codes developed by the Census Bureau, which replaced the Standard Industrial Classification (SIC) codes. Until NAICS codes are updated, update will not be complete. For more info on NAICS codes, visit: <http://www.census.gov/epcd/www/naics.html>

4. Determine if your organization will designate a WAWF Group Administrator (GAM) (Proceed to paragraph 5 if you are not going to designate a GAM).

- In medium to large sized companies, there may be a need to establish more than one GAM.
- A GAM determines who has access to the WAWF-RA **vendor** account.
- The initial GAM shall be the person designated as the EB POC. To appoint additional GAM's, each vendor must submit an official appointment letter signed by the EB POC.
- The appointment letter should be faxed to the WAWF-RA Customer Support Center.
- The Group Administrator's Manual is available for reviewing to all WAWF-RA registered users.
- The GAM Manual can be found in the Software Users Manual link within the WAWF-RA application.

5. Establish an organizational email address

- All records created in WAWF-RA are stored in a virtual file folder and as status is updated or changes the system generates an email notification to applicable individuals identified in the firm's organizational email account.
- The GAM or EB POC shall provide the organizational email to the WAWF-RA Customer Support Center.
- Ensure that your firm's organizational email address is operational and can receive email from WAWF-RA prior to registering your email address with the WAWF-RA Customer Support Center.
- Note: If you do not set up an organizational email address, the personal email address of the first person who self-registers from your firm (CAGE/DUNS code), will be designated as the organizational email address for your firm.

6. Set up PCs to access WAWF-RA

- Set up the PCs of your organization's users to access WAWF-RA.
- Select the "Setting Up Your Machine" link on the WAWF-RA home page for more information: <https://wawf.eb.mil/Instr.html>.

7. Have all users self-register on the WAWF-RA web site <https://wawf.eb.mil/>

- Every user for your firm must self-register on the WAWF-RA web site by completing the online registration form.
- Select the "Self Register" link on the WAWF-RA home page and follow the instructions.
- Users may access WAWF-RA with either a User ID/Password combination or a PKI certificate. Users who want to use a PKI certificate must obtain it before self-registering.
- PKI Certificates **may be** obtained from one of the approved Interim External Certificate Authorities: Operational Research Consultants Inc. <http://eca.orc.com> , Digital Signature Trust Co.

<http://www.digsigtrust.com/home.html> , or Verisign: <http://www.verisign.com>. The web sites provide the instructions needed to acquire a PKI Certificate.

- If further assistance is needed, contact the WAWF-RA Customer Service Center.
- Note: Registrations will not be activated until the WAWF-RA Customer Support Center receives an email from the EB POC/GAM as registered in the CCR data- base.

8. Follow-up (if necessary).

- If your (GAM or user) account hasn't been activated within 2 business days of self-registering contact the WAWF-RA Customer Service Center:

52.204-11 AMERICAN RECOVERY AND REINVESTMENT ACT-REPORTING REQUIREMENTS (MAR 2009)

(a) Definitions. As used in this clause—

Contract, as defined in FAR 2.101, means a mutually binding legal relationship obligating the seller to furnish the supplies or services (including construction) and the buyer to pay for them. It includes all types of commitments that

obligate the Government to an expenditure of appropriated funds and that, except as otherwise authorized, are in writing. In addition to bilateral instruments, contracts include (but are not limited to) awards and notices of awards; job orders or task letters issued under basic ordering agreements; letter contracts; orders, such as purchase orders, under which the contract becomes effective by written acceptance or performance; and bilateral contract modifications. Contracts do not include grants and cooperative agreements covered by 31 U.S.C. 6301, et seq. For discussion of various types of contracts, see FAR Part 16.

First-tier subcontract means a subcontract awarded directly by a Federal Government prime contractor whose contract is funded by the Recovery Act.

Jobs created means an estimate of those new positions created and filled, or previously existing unfilled positions that are filled, as a result of funding by the American Recovery and Reinvestment Act of 2009 (Recovery Act). This definition covers only prime contractor positions established in the United States and outlying areas (see definition in FAR 2.101). The number shall be expressed as "full-time equivalent" (FTE), calculated cumulatively as all hours worked divided by the total number of hours in a full-time schedule, as defined by the contractor. For instance, two full-time employees and one part-time employee working half days would be reported as 2.5 FTE in each calendar quarter.

Jobs retained means an estimate of those previously existing filled positions that are retained as a result of funding by the American Recovery and Reinvestment Act of 2009 (Recovery Act). This definition covers only prime contractor positions established in the United States and outlying areas (see definition in FAR 2.101). The number shall be expressed as "full-time equivalent" (FTE), calculated cumulatively as all hours worked divided by the total number of hours in a full-time schedule, as defined by the contractor. For instance, two full-time employees and one part-time employee working half days would be reported as 2.5 FTE in each calendar quarter.

Total compensation means the cash and noncash dollar value earned by the executive during the contractor's past fiscal year of the following (for more information see 17 CFR 229.402(c)(2)):

(1) Salary and bonus.

(2) Awards of stock, stock options, and stock appreciation rights. Use the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with the Statement of Financial Accounting Standards No. 123 (Revised 2004) (FAS 123R), Shared Based Payments.

(3) Earnings for services under non-equity incentive plans. Does not include group life, health, hospitalization or medical reimbursement plans that do not discriminate in favor of executives, and are available generally to all salaried employees.

(4) Change in pension value. This is the change in present value of defined benefit and actuarial pension plans.

(5) Above-market earnings on deferred compensation which is not tax-qualified.

(6). Other compensation. For example, severance, termination payments, value of life insurance paid on behalf of the employee, perquisites or property if the value for the executive exceeds \$10,000.

(b) This contract requires the contractor to provide products and/or services that are funded under the American Recovery and Reinvestment Act of 2009 (Recovery Act). Section 1512(c) of the Recovery Act requires each contractor to report on its use of Recovery Act funds under this contract. These reports will be made available to the public.

(c) Reports from contractors for all work funded, in whole or in part, by the Recovery Act, and for which an invoice is submitted prior to June 30, 2009, are due no later than July 10, 2009. Thereafter, reports shall be submitted no later than the 10th day after the end of each calendar quarter.

(d) The Contractor shall report the following information, using the online reporting tool available at www.FederalReporting.gov.

(1) The Government contract and order number, as applicable.

(3) A list of all significant services performed or supplies delivered, including construction, for which the contractor invoiced in this calendar quarter.

(4) Program or project title, if any.

(5) A description of the overall purpose and expected outcomes or results of the contract, including significant deliverables and, if appropriate, associated units of measure.

(6) An assessment of the contractor's progress towards the completion of the overall purpose and expected outcomes or results of the contract (i.e., not started, less than 50 percent completed, completed 50 percent or more, or fully completed). This covers the contract (or portion thereof) funded by the Recovery Act.

(7) A narrative description of the employment impact of work funded by the Recovery Act. This narrative should be cumulative for each calendar quarter and only address the impact on the contractor's workforce. At a minimum, the contractor shall provide—

(i) A brief description of the types of jobs created and jobs retained in the United States and outlying areas (see definition in FAR 2.101). This description may rely on job titles, broader labor categories, or the contractor's existing practice for describing jobs as long as the terms used are widely understood and describe the general nature of the work; and

(ii) An estimate of the number of jobs created and jobs retained by the prime contractor, in the United States and outlying areas. A job cannot be reported as both created and retained.

(8) Names and total compensation of each of the five most highly compensated officers of the Contractor for the calendar year in which the contract is awarded if—

(i) In the Contractor's preceding fiscal year, the Contractor received—

(A) 80 percent or more of its annual gross revenues from Federal contracts (and subcontracts), loans, grants (and subgrants) and cooperative agreements; and

(9) For subcontracts valued at less than \$25,000 or any subcontracts awarded to an individual, or subcontracts awarded to a subcontractor that in the previous tax year had gross income under \$300,000, the Contractor shall only report the aggregate number of such first tier subcontracts awarded in the quarter and their aggregate total dollar amount.

(10) For any first-tier subcontract funded in whole or in part under the Recovery Act, that is over \$25,000 and not subject to reporting under paragraph 9, the contractor shall require the subcontractor to provide the information described in (i), (ix), (x), and (xi) below to the contractor for the purposes of the quarterly report. The contractor shall advise the subcontractor that the information will be made available to the public as required by section 1512 of the Recovery Act. The contractor shall provide detailed information on these first-tier subcontracts as follows:

(i) Unique identifier (DUNS Number) for the subcontractor receiving the award and for the subcontractor's parent company, if the subcontractor has a parent company.

52.219-28 POST-AWARD SMALL BUSINESS PROGRAM REREPRESENTATION (JUNE 2007)

(a) Definitions. As used in this clause--

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause.

(b) If the Contractor represented that it was a small business concern prior to award of this contract, the Contractor shall rerepresent its size status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon the occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts--

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the exercise date specified in the contract for any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code assigned to this contract. The small business size standard corresponding to this NAICS code can be found at <http://www.sba.gov/services/contractingopportunities/sizestandardstopics/>.

(d) The small business size standard for a Contractor providing a product which it does not manufacture itself, for a contract other than a construction or service contract, is 500 employees.

(e) Except as provided in paragraph (g) of this clause, the Contractor shall make the rerepresentation required by paragraph (b) of this clause by validating or updating all its representations in the Online Representations and Certifications Application and its data in the Central Contractor Registration, as necessary, to ensure they reflect current status. The Contractor shall notify the contracting office by e-mail, or otherwise in writing, that the data have been validated or updated, and provide the date of the validation or update.

(f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in ORCA, or does not have a representation in ORCA for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

(b) The Contractor, on completion of this contract, shall--

(1) Estimate the percentage of the total recovered material content for EPA-designated item(s) delivered and/or used in contract performance, including, if applicable, the percentage of post-consumer material content; and

52.225-21 REQUIRED USE OF AMERICAN IRON, STEEL, AND OTHER MANUFACTURED GOODS—BUY AMERICAN ACT—CONSTRUCTION MATERIALS (MAR 2009)

(a) Definitions. As used in this clause—

Construction material means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

Domestic construction material means—

(1) An unmanufactured construction material mined or produced in the United States; or

(2) A construction material manufactured in the United States.

Foreign construction material means a construction material other than a domestic construction material.

Manufactured construction material means any construction material that is not unmanufactured construction material.

Steel means an alloy that includes at least 50 percent iron, between .02 and 2 percent carbon, and may include other elements.

United States means the 50 States, the District of Columbia, and outlying areas.

Unmanufactured construction material means raw material brought to the construction site for incorporation into the building or work that has not been—

(1) Processed into a specific form and shape; or

(2) Combined with other raw material to create a material that has different properties than the properties of the individual raw materials.

(b) Domestic preference.

(1) This clause implements—

(i) Section 1605 of the American Recovery and Reinvestment Act of 2009 (Recovery Act) (Pub. L. 111-5), by requiring, unless an exception applies, that all iron, steel, and other manufactured goods used as construction material in the project are produced in the United States; and

(ii) The Buy American Act (41 U.S.C. 10a - 10d) by providing a preference for unmanufactured domestic construction material.

(2) The Contractor shall use only domestic construction material in performing this contract, except as provided in paragraph (b)(3) and (b)(4) of this clause.

(3) This requirement does not apply to the construction material or components listed by the Government as follows:

(Contracting Officer to list applicable excepted materials or indicate “none”)

(4) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(3) of this clause if the Government determines that—

(i) The cost of domestic construction material would be unreasonable.

(A) The cost of domestic iron, steel, or other manufactured goods used as construction material is unreasonable when the cumulative cost of such material will increase the cost of the contract by more than 25 percent;

(B) The cost of unmanufactured construction material is unreasonable when the cost of such material exceeds the cost of foreign material by more than 6 percent;

(ii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available quantities and of a satisfactory quality; or

(iii) The application of the restriction of section 1605 of the Recovery Act or the Buy American Act to a particular construction material would be inconsistent with the public interest.

(c) Request for determination of inapplicability of Section 1605 of the Recovery Act or the Buy American Act.

(1)(i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(4) of this clause shall include adequate information for Government evaluation of the request, including—

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Cost;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(4) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed cost comparison table in the format in paragraph (d) of this clause.

(iii) The cost of construction material shall include all delivery costs to the construction site and any applicable duty.

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to section 1605 of the Recovery Act or the Buy American Act applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable cost of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(4)(i) of this clause.

(3) Unless the Government determines that an exception to section 1605 of the Recovery Act or the Buy American Act applies, use of foreign construction material is noncompliant with section 1605 of the American Recovery and Reinvestment Act or the Buy American Act.

(d) Data. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

Foreign and Domestic Construction Materials Cost Comparison

Construction Material Description	Unit of Measure	Quantity	Cost (Dollars)*
--------------------------------------	--------------------	----------	-----------------

Item 1:

Foreign construction material _____
Domestic construction material _____

Item 2:

Foreign construction material _____
Domestic construction material _____

(List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.)

(Include other applicable supporting information.)

(* Include all delivery costs to the construction site.)

52.209-5 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (DEC 2008)

(a)~~(1)~~ The Offeror certifies, to the best of its knowledge and belief, that-

(i) The Offeror and/or any of its Principals-

(A) Are () are not () presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have () have not (), within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, state, or local) contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(C) Are () are not () presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision.; and

(D) Have [ballot], have not [ballot], within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) Examples. (i) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Offeror has () has not (); within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) Principal, for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a subsidiary, division, or business segment; and similar positions).

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

Section M - Evaluation Factors for Award

SECTION M

SECTION M

M-01 BASIS FOR CONTRACT AWARD: This is a competitive best value source selection in which competing offerors' past performance history will be evaluated on a basis approximately equal to cost or price considerations. By submission of its offer, the offeror accedes to all solicitation requirements, including terms and conditions, representations and certifications, and technical requirements. All such offers shall be treated equally except for their prices and performance records. Failure to meet a requirement may result in an offer being determined technically unacceptable. Offerors must clearly identify any exception to the solicitation terms and conditions and provide complete accompanying rationale. The evaluation process shall proceed as follows:

A. Initially offers shall be ranked according to price, including any option prices if applicable. An offeror's proposed prices will be determined by multiplying the quantities identified in Section B by the proposed unit price for each Contract Line Item Number or Subcontract Line Item Number to confirm the extended amount for each. The extended amounts will be added together to determine the total evaluated price. When applicable, the price evaluation adjustment for HUBZone small business concerns will be applied in accordance with FAR 52.219-4, Notice of Price Evaluation Preference for HUBZone Small Business Concerns, to arrive at an evaluated price. The price evaluation will document (for the offers evaluated under paragraph B below) the reasonableness and affordability of the proposed total evaluated price.

B. Using questionnaires, the contracting officer shall seek relevant performance information on each offeror based on (1) the past and present efforts provided by the offeror and (2) data independently obtained from other government and commercial sources. Relevant performance includes performance of efforts involving design and/or construction that are similar or greater in scope, magnitude and complexity than the effort described in this solicitation. The purpose of the past performance evaluation is to allow the government to assess the offeror's ability to perform the effort described in this RFP, based on the offeror's demonstrated present and past performance. The assessment process will result in an overall performance confidence assessment of Substantial Confidence, Satisfactory Confidence, Limited Confidence, No Confidence, or Unknown Confidence as defined in MP5315.3, Table 3. Past performance regarding predecessor companies, key personnel who have relevant experience, or sub-contractors that will perform major or critical aspects of the requirement will/will not be considered as highly as past performance information for the principal offeror. Offerors with no relevant past or present performance history or the offeror's performance record is so limited that no confidence assessment rating can be reasonably assigned shall receive the rating "Unknown Confidence," meaning the rating is treated neither favorably nor unfavorably.

C. In evaluating past performance, the government reserves the right to give greater consideration to information on those contracts deemed most relevant to the effort described in this RFP.

D. If the lowest priced evaluated offer is judged to have a Substantial Confidence performance assessment, that offer represents the best value for the government and the evaluation process stops at this point. Award shall be made to that offeror without further consideration of any other offers.

E. The government reserves the right to award a contract to other than the lowest priced offeror if the lowest priced offeror is judged to have a performance confidence assessment of "Satisfactory Confidence" or lower. In that event, the Source Selection Authority shall make an integrated assessment best value award decision.

F. Offerors are cautioned to submit sufficient information and in the format specified in Section L. Offerors may be asked to clarify certain aspects of their proposal (*for example*, the relevance of past performance information) or respond to adverse past performance information to which the offeror has not previously had an opportunity to respond. Adverse past performance is defined as past performance information that supports a less than satisfactory rating on any evaluation element or any unfavorable comments received from sources without a formal rating system. Communication conducted to resolve minor or clerical errors will not constitute discussions and the contracting officer reserves the right to award a contract without the opportunity for proposal revision.

G. The government intends to award a contract without discussions with respective offerors. The government, however, reserves the right to conduct discussions if deemed in its best interest.
